Matt,

I am forwarding your message to a number of folks, We all agreed to keep the messaging the same for now on, so what is already on the web. Pre-incident comparison for surface water and RSL's for sediment and just add the new data.

Thanks,
Dana

Subject: RE: Region 6 Animas/San Juan River Surface Water Intake Data for August 12-13th

Please find attached the data table and "message" for Region 6's surface water sampling

from the Animas River/San Juan River on August 10th and 12th-13th. Please review as early as possible, as we need this data posted by noon Mountain time as our staff will be participating in a Community meeting in Farmington and would like to present this data. Thank you and please contact me with any questions.
